Course Description:

There is a debate that is growing within the Church today of crucial significance and importance – the debate concerning our origins and beginnings, Creation vs. Evolution! Some of us simply take the book of Genesis as the truth; others are still struggling with where they stand; however, most within the Church have already abandoned the Biblical record and embraced the evolutionary position. But there is one thing we still tend to have in common – a general failure to understand why this issue matters and what is at stake. It does matter!

The significance of this debate cannot be understated, and we cannot afford to be indifferent about it. There is so much on the line for the Church, the gospel, and our world. This is an issue close to the heart of God and He has not remained silent about it. Neither can we!

John has been a student of God's Word for many years and has a deep love and sense of awe for the Scriptures. He loves to share the truths of God's Word so that His people may grow in their love for their Saviour and live a faithful life of obedience unto Him.

John and his wife Joy are parents of four children and make their home in Stratford, Ontario.
